

GENERALIZED SECTION ALONG A-A'

Map Scale 1:100,000

LEGEND

- Quaternary alluvium (clays, silts, sands & gravel)
- Tertiary Fort Union Formation (sandstones, claystones, shales, lignite)
- Tertiary Lance Formation (sandstone & shale)
- Cretaceous Bearpaw shale formation (dark gray shale)

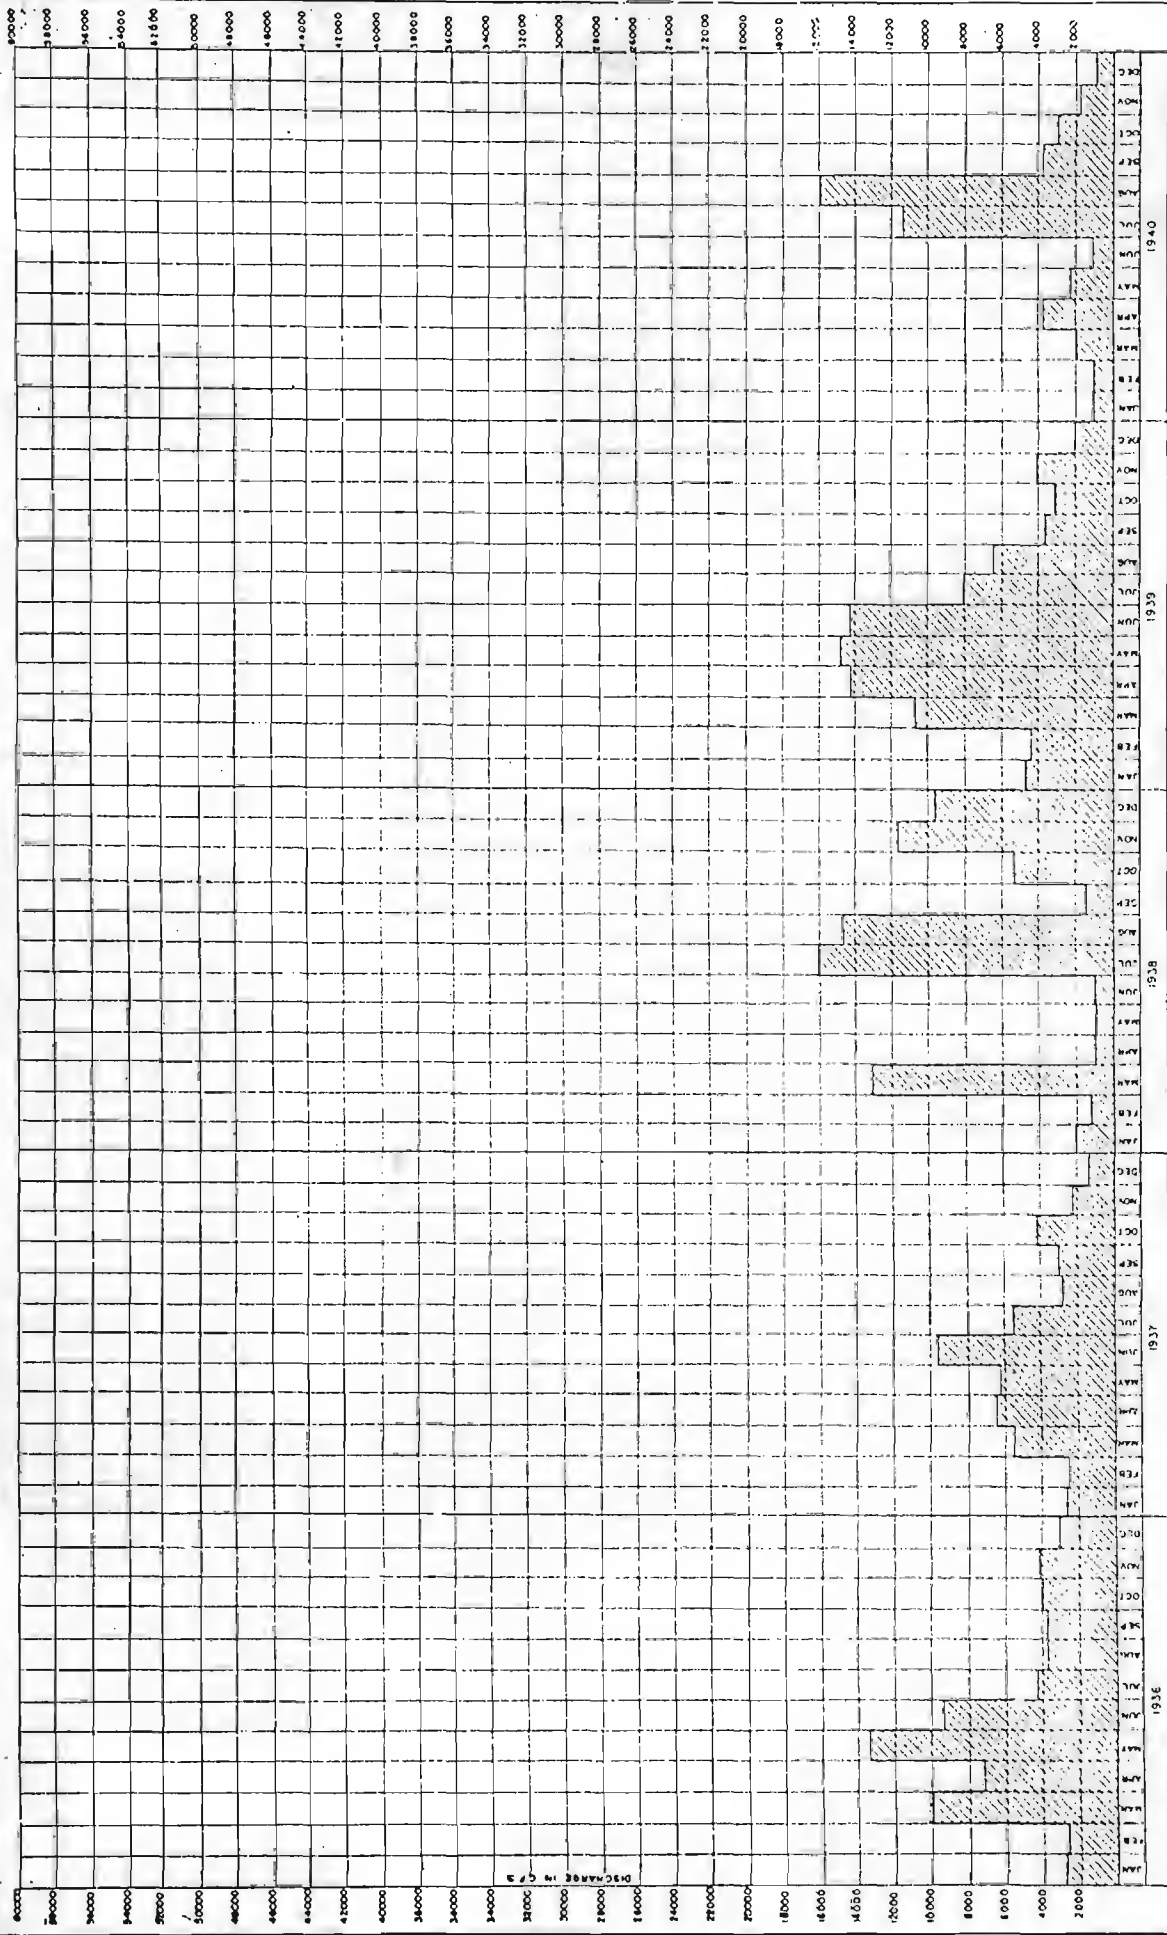

VALLEY SECTION B-B'

[illegible]

1115 is located at about the halfway distance and some trees
about 1/2 mi. after the house have replaced the one growing
at the top of the hill. The trees are mostly pines and
oaks, with some other species scattered about. The
house is located on a hillside, about 1/2 mi. from the
road, and is surrounded by trees and brush.

---	------

NOTE: These had sample cost standard prices from 1936 thru 1941.
The samples were taken per report in September 1942.
[The samples used were in October 1942 and again three times toward October 1943 but were not in the actual production quantity of the tank, as the mechanical changes in the tank, as well as the changes in the tank, were made and tested. Samples taken at each stage.
